## Special Use Permit Standards:

1. The establishment, maintenance, and operation of the proposed special use will not endanger the public health, safety, or welfare.

Answer: AGREED! This space will be used as a relaxing and safe space to receive therapeutic massage therapy. Sessions will be in 30, 60, 75 or 90 min intervals and will only serve one client at a time.

2. The proposed special use is compatible with the general land use of adjacent properties and other property with the immediate vicinity.

Answer:AGREED! Similar to the many Psychology/Therapy offices in the building, it will serve as an inviting space for clients to seek complimentary therapy to manage their overall health and wellness

3. The special use in the specific location is consistent with the spirit and intent of this Ordinance and adopted land use policies.

Answer: AGREED! With an established clientele of locals from OPRF and Forest Park, this location is centrally located and in close proximity to public transportation and nearby parking making it easily accessible for those seeking massage therapy to compliment their mental therapy, exercise regime including yoga and Pilates. While many people are adjusting to new ways of living brought on by Covid, many are seeking ways to help manage their stress and I plan to to help answer that call.

4. The special use conforms to the regulations of the zoning district in which it is to be located.

Answer:AGREED! The proposed use of a massage establishment is listed as requiring a special use permit to operate and receive a business license. No additional requirements are asked of at this time.
