**COVID-19 Status Report
Oak Park Village Board of Trustees**

To: Village President and Village Board of Trustees

Fr: Cara Pavlicek, Village Manager

The memo is a means to share a brief summary of information regarding Village of Oak Park operational activities in response to COVID-19. In most cases, formal public guidance or employee guidance has been publicly disseminated via the Village website or Village social media channels.

The issuance of the Status Reports will be increased to Mondays, Wednesdays and Fridays in response to the slight uptick during this past seven day period.

New Public Health Guidance

The Village of Oak Park Department of Public Health received notification of the following new COVID-19 cases; since last reported on Friday July 24:

<u>Date</u>	<u># of Cases</u>	<u>Age of Cases</u>
July 25 (Saturday)	5	<20s to 60s
July 26 (Sunday)	8	20s to 60s
July 27 (Monday)	1	80s

Excluding individuals for which street addresses are not yet determined, the State of Illinois reports a total of four-hundred and thirty-one (431) total Oak Park COVID-19 cases. It is important to note that as patient tracking and case follow-up occurs, individuals listed within the number of Oak Park cases reported may change depending on residency confirmation.

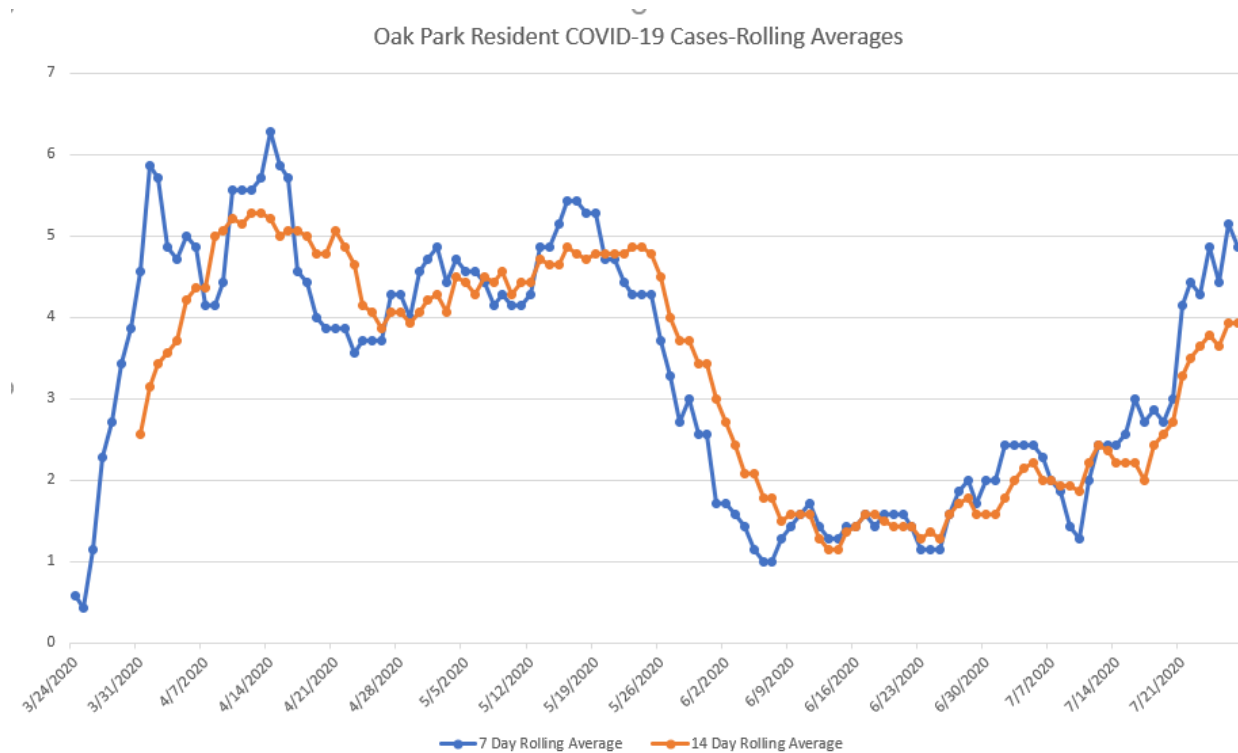

Also, Oak Park Public Health Director Mike Charley reported today the twenty-seventh death of Oak Park resident believed to be related to the COVID-19 coronavirus. The fatality was a female in her 60s. The resident had earlier tested positive for the virus, but the final cause of death will be determined by the Cook County Medical Examiner. Director Charley expressed his sincere condolences to the resident’s friends and family for the loss of their loved one.

The Oak Park Department of Public Health is notified of positive tests as established by state and local public health protocol. Because of privacy laws, no additional information can be released about the individuals. It is noted, that privacy precludes location information regarding individuals tested to anyone other than Public Health Officials and First Responders.

The Oak Park Department of Public Health is working closely with officials from the Illinois Department of Public Health (IDPH), investigating and notifying anyone who may have had exposure to the individual who tested positive for COVID-19. Local public health officials, hospitals

and first responders are following protocols consistent with the latest guidance from the Centers for Disease Control and Prevention (CDC).

Public Health Director Charley has also provided an update to the 14 day rolling average and is also including a 7 day rolling average for Oak Park.

- Rolling Averages: I have included both the 7 day and 14 day rolling averages for Oak Park & State of Illinois within the below charts.
 - Oak Park rolling averages as of today:
 - 7 day: 4.9
 - 14 day: 3.9
 - State of Illinois rolling averages as of today:
 - 7 day: 1276
 - 14 day: 1231

The lowest 14 day rolling average in Oak Park to date was on June 14, 2020 with 1.14 cases/day. The lowest for the State of Illinois was on June 23, 2020 of 615 cases/day.

Cases related to Long-Term Care and Assisted Living Facilities

Public Health Director Charley reported a resident of Berkley Nursing & Rehabilitation Center has tested positive for COVID-19 and it is their first case since May 16, 2020. The chart below is now updated to show that additional case.

Facility Name	# of Resident Cases	# of Resident Deaths	# of Staff Cases
Belmont Village of Oak Park	2	2	4
Berkeley Nursing & Rehab Center	4	3	1
Brookdale Oak Park	7	1	8
Oak Park Arms	6	1	3
Oasis of Oak Park	23	11	6
