Spark Oak Park Project Summary

This project requires very little updates to the existing space as it was previously an open space salon. The project consists of painting, small cosmetic updates and adding furniture to the space.

This project is intended to create a place that brings our community together. The primary use of the space will be to host parties for children. The space could also be used for small bridal showers, first communions and small family gatherings. The venue may also be used for pop-up shops. All events will be held during the daytime and/or early evening. Loud music, smoking/vaping will be strictly prohibited.

The business would be a positive addition to the community, creating a vibrant atmosphere and potentially new jobs opportunities. We are committed to having Spark Oak Park to align with the values and needs of our neighborhood. We hope that it can also be instrumental in helping to revitalize the North Avenue corridor.
